

One Million Dollars of Direct Aid to Impacted Communities!

PURPOSE

To help alleviate the disproportionate impact COVID-19 would have on lower income communities, GAP coordinated with local food banks and grassroots organizations nationwide to distribute food and critical equipment from February through the end of the year. In addition, GAP mobilized kitchens to serve hot and healthy meals with local volunteers in California, North Carolina and Washington DC. The work carries on into 2021!

2020 ECONOMICS

Thanks to our unique collaboration model each \$1 dollar donated provided \$40.50 in direct aid!

Big Thank You to our Donors, Volunteers, and Partner Brands
