

New Model of Supporting Community Resilience

Featuring Hot Meals, Music, Art, Sanitation, COVID-19 Aid & Smiles.

PURPOSE

Grassroots Aid Partnership, in collaboration with Dr. Bronner's Magic Soaps, came to the Nation's Capital in support of racial justice and in recognition of the compounding effects of the pandemic on underserved communities.

GAP stood in solidarity and in support of the DC communities through 4-weeks of nourishing people through hot meals, uplifting spirits with music & art, amplifying voices with open mics, washing hands and by arming them with COVID-19 safety & sanitation items. The pinnacle event of project was providing handwashing, water bottles and to-go meals & snacks during "The Commitment March" on the 57th anniversary of Martin Luther King Jr. historic march on Washington.

Big Thank You to our Donors, Volunteers, and Partner Brands
